

CTAM Announcement New General Manager

Dear all,

Further to yesterday's announcements regarding the Operations structure we are also pleased to announce that a new General Manager has been recruited for CTAM.

Hunter Zhang will join us from 25 November 2019 reporting directly to Dominique Murzeau in his new role as EurAsia Manufacturing General Manager.

Hunter is from Tianjin and has over 20 years' plant experience - 9 of which have been at a senior management position. Hunter has rich experience in lean production and continuous improvement having spent the first half of his career growing in Motorola.

Hunter says "I look forward to joining Colart to both learn and understand the company so that together we can drive towards success".

In line with Hunter's appointment, Nandor Krisko's excellent service to CTAM will cease and we would like to really thank Nandor for everything that he has done during the last 2 years in challenging times to support and lead the business unit.

Please join us in wishing Hunter every success in his new role and Nandor every success for the future.

Best regards,

Dennis van Schie
CEO
