

Snazaroo Communication

COVID-19

Dear Snazaroo Community,

It's a challenging time for us all and we thought you would want to know what we're doing to keep you safe. Your wellbeing has always been our priority, and never more than now.

We are taking the most up-to-date guidance from global and local health organisations and have taken action to slow the spread of the virus by maximising hygiene and QC standards at our factory in Somerset. From ingredient selection to manufacturing and packing, our face paints undergo the most stringent hygiene controls. Automated processes mean that when you break the hygiene seal, you're the first person to have ever touched our classic 18ml paints or kit colours.

Keep spirits up! Use your creativity to make the most of the time at home. If you need help, our videos and step-by-step guides are here to make it easy, so take a look.

Community is vital when things are tough. Above all, keep positive and keep connected. We're here for you on social so share inspiration and ideas with the community, take care and keep in touch,

Team Snazaroo
