

# Microsoft Teams Rollout Video

Hi All,

As recently communicated, we are in progress of moving to Microsoft Teams, which will be our official **communication and collaboration platform**.

We are currently in process of recording training material for you. That will give you a chance to learn most useful features of Microsoft Teams and give you a confidence in using it daily and make your work easier and more productive.

All videos will be available later this month on our eLearning platform - [Academy at Colart](#).

Please let us know if you have any questions or concerns.

Have a great day!

**Toby Russell**  
Chief Technology Officer

**Dan Ruzzak**  
Head of Tech Support

**Agnieszka Taszarek**  
Project Manager
