

Developing our performance

WHAT

Launch of Splash Perform

New functionality in Splash created to support the performance and development discussions with your line manager.

It's about self-reflection, feedback and continuous improvement

We value our people and aim to support personal and professional growth ...
feel like a family and act like a high performing team.

Go live

In line with the performance and development review window of 1 November to end February

WHY

WHEN

November 1st

HOW

Supporting you along the way

1. Bite sized training videos on how to use the system
2. Local drop-in clinics to answer questions
3. Line manager training to maximise the value of the discussions
