

Celebrate Halloween safely this year with Snazaroo!

There's no doubt that the global pandemic has reshaped the way most of us will be viewing Halloween this year, however, it doesn't mean that the spooky celebrations are cancelled! With Snazaroo's wide range of highly pigmented face paints and kits, you can transform into whoever you want to be - with a little help from our [tutorials on site](#). Once your look is complete why not turn heads from afar and snap a pic to share virtually with friends and family or have a mini party at home!

Something for all the family

Kids love to dress up, and what better occasion than Halloween? Whether they want to transform into a hair-raising zombie or a glittery unicorn, Snazaroo has the perfect range. Parents need not worry as many looks featured on the website are easily recreated in just [3 simple steps](#) - just follow the short tutorials for inspiration. When the party is over, the water-based [Kits](#) (endorsed by Mumsnet) are easily removed using warm water and a cloth for zero fuss or stains!

Professional-grade paints endorsed by stars of BBC Glow Up

Snazaroo has seen a huge interest from the young adult face and body paint enthusiasts - keen to emulate their favourite influencers online.

The only limit? Their imagination! With the ability to choose between 54 different colours and three distinct textures (Classic, Sparkle, Metallic) to build their own [Custom Palette](#), this leaves plenty of scope for inventive designs and show-stopping transformations. Used by professional

makeup artists and the stars from the popular BBC Glow Up - the [Pro tutorials](#) on the website provide endless inspiration from creepy clowns to shimmering mermaids.

Snazaroo collaborating with 25 influencers across the UK and the US, including Glow Up contestants creating looks with the new Custom Palette!

Safety comes first

Snazaroo has always been proud to pioneer stringent safety measures and is the only brand on the market to offer a hygiene seal, protecting users from cross-contamination. Proudly made in Somerset, UK, the factory has implemented stricter health and safety measures in line with Covid-19 guidelines.

Quality is at the heart of every Snazaroo product

Those with sensitive skin can rejoice this Halloween as every product has been extensively dermatologically tested (on humans- never animals!) and uses cosmetic grade ingredients. Washing off couldn't be easier – all you need is a bit of soap and warm water.

Snazaroo products are:

- Proudly Made in the UK
- Suitable for Sensitive Skin
- Easy to apply and remove
- Fragrance Free
- +50 colours in the range
- Endorsed by Mumsnet (UK)
