

Town Hall Meeting – Watch the video!

After August break on Friday 3rd September, we held the fortnightly Town Hall meeting hosted by CEO Dennis van Schie.

This time Dennis hosted the Town Hall Meeting with a different background, one of the new Minehead meeting rooms...Why? Because today it was the launch party of the new Snazaroo site!

Inspired by the exciting trip to the Snazaroo site, Dennis started the session by sharing his most recent inspirations, the first one, our people and the importance of believing in them. His second inspiration was a topic that has been mentioned already, but he wanted to be very clear and tell us how crucial it is to take breaks.

Dennis provided us with the regular COVID and business updates. Even if the vaccination programs are doing well in most countries, COVID-19 is still around and cases still growing, and some countries will face new lockdowns. Because of this, he wanted to remind us to take care, follow the rules and be conscious when you return to work.

Talking about business, the company is in a very good and healthy position. Although Supply Chain still facing some challenges due to the raw materials and shipping prices.

Our guest this week was **General Manager – Minehead, Adrian Ryan**.

Adrian delighted us with great storytelling about the Snazaroo journey, from a kitchen table to the great brand that it is today. If you want to learn more about Snazaroo, keep an eye on Colart News as we will be publishing the whole story and in several languages.

Adrian also shared with us a video of the new site. You can watch the video [here](#).

If you couldn't make it to the live event, check out the video [here](#).

Every THM, we see more and more comments like the ones below. Thank you for joining!

I'm loving the storytelling, Adrian. So much about SNZ I didn't know about.

I hope the launch party is a great success - you all deserve it. Sorry I can't be there, but I'll be thinking about you all!

Hearing all about Snazaroo and its people is great. Thanks for the presentation and the video - it helps us all feel more connected!
