My Experience:

I have been working at Colart for over 4 years now and was 'new in' to the creative industry having spent the majority of my career in the Beauty sector. Most of my career has been spent in customer facing roles within commercial sales, having started off 'carrying the bag' for a cosmetics company. After a short spell in marketing, I then moved to key accounts and a team management role, which is where I am now.

My Key skills:

#PeopleManagement #BeYourself #Development #WeAreOneTeam #Commercial
#TimeManagement #Organisation #BePrepared

On a more personal note...

I am a father to two wonderful children, Sophie aged 10 and Sam aged 8. I am a keen cyclist and enjoy running as well. I am a passionate season ticket holder at Liverpool Football Club – which is a struggle as my partner is from Manchester and she supports United!

Where I can add value:

I take a rationale and simplistic approach to most things, in reality things are never that difficult and if we approach things positively and calmly, we can achieve our goals.

Personal experience/training underpinning the added value you can bring to the Mentee

Having been in customer facing roles for many years I understand people, behaviour and how to get the best from us all. I can also see strengths in everyone and can help the development of these.
